

Have you heard the exciting news?

Creative Approach Development Center is now a **Medicaid Certified provider for parent & caregiver training under the Family & Individual Support (FIS) Waiver**. Starting November 2021, parents, family members, & caregivers can enroll and complete up to **80 hours** of workshops and training each ISP year. There will be a wide variety of programs to choose from focused on behavior management, transitioning, skill development, and more with new topics added monthly! Classes and workshops will also be provided in multiple formats to make them more flexible for parent/caregiver needs. They will be offered in person at the CADC office, in person at other venues in different parts of the state, virtually through interactive webinars, and online in our new online classroom.

If you are working with a family who is interested in learning more about supporting their loved one with a developmental disability, visit the CADC website, www.CreativeApproachOnline.com/FCTraining to fill out the referral form or email Dr. Zipporah Levi-Shackleford, PBSF at ZLShackleford@CreativeApproachOnline.com.
