A Collaboration Project by

Our camp is designed to help neurodiverse youth explore the possibilities of entrepreneurship as a career opportunity/path.

The campers will identify their personal strengths, skills, and talents that align with successful entrepreneurship, and develop additional understanding and skills needed for the process.

## WHAT TO EXPECT

- Daily lessons and interactive activities
- Develop professional customer service skills
- Develop social and communication skills
- Abilities group pairing
- Fun and engaging product and service development
- Role playing and mock presentations and more

## OTHER INFORMATION

### Meals & Transportation

Meals and transportation will be provided by parents/guardians. We are a nut free environment. Morning snack will be provided.

### Health and Safety

Masks are required to be worn on the premises. Parents are required to sign their camper in and out daily.

### Participation Level

Campers will be grouped based on their ability level.
